

WGC-2019 POCKET PROGRAM

8th WORLD GLAUCOMA CONGRESS
MARCH 27 - 30, 2019 MELBOURNE

www.worldglaucomacongress.org

GENERAL INFORMATION

Venue
Melbourne Convention and Exhibition Centre (MCEC)
1 Convention Centre Place
South Wharf 3006 Victoria
Australia
www.mcec.com.au

Public Transport
Travel from the center of Melbourne to the MCEC for free. Tram travel is free within Melbourne's CBD and Docklands. All stops within the zone are clearly marked and tram drivers will make regular announcements when approaching the zone boundaries. In order to come by tram to MCEC for free, delegates should board off the tram at stop 159 "Batman Park". The MCEC is just a 3-min stroll away across the bridge. More information on transportation can be found in the mobile app.

XEN
GLAUCOMA GEL IMPLANT

EXPERIENCE POWER OVER PRESSURE¹

The XEN gel implant is intended to reduce intraocular pressure in primary open angle glaucoma patients where previous medical treatments have failed. Always refer to full instructions before use. XEN is not commercially available in all countries. A list of where XEN is available and directions for use are available at the Allergan stand. Please ask an Allergan representative. XEN is a medical device class III CE 0086.

Adverse events should be reported to your local regulatory authorities and your Allergan office.
