Values

The leadership and member societies of WGA are committed to acting consistently with the following values:

Responsibility (Accountability)

To each other, to member societies, to the larger global glaucoma community, to the patient and to the public.

Consensus

Open communication, inclusion of diverse viewpoints, and the aspiration to achieve practical consensus before acting.

Best Care and Service

Advancing the best care available to glaucoma patients worldwide.

Collegiality and Mutual Respect

Our Goals

- 1 Education:** The WGA will be an important source of education for ophthalmologists and other healthcare providers related to glaucoma.
- 2 WGC:** The WGC will be the best glaucoma meeting in the world.
- 3 Public Awareness and Recognition of Glaucoma:** Public awareness and recognition of glaucoma will increase.
- 4 Impact in Developing Countries:** The resources of the global glaucoma community will be integrated and leveraged to enhance glaucoma care, particularly in developing countries.
- 5 Technology:** The WGA will use information/communication technologies as a key tool in achieving its goals.
- 6 Organization:** The WGA will be financially sound and organized to lead the glaucoma community.

WGA: The Glaucoma Educator

Consensus

The Glaucoma Consensus is based on an assumption that groups make better decisions than even their smartest member.

Assembling a sufficiently large and sufficiently diverse group of glaucoma specialists and scientists provides recommendations and insights that are likely to be superior to those of a single clinician.

These recommendations and insights form the foundation for the *Glaucoma Consensus Reports*.

Educational Portal

The WGA aspires in becoming the most important source of education for ophthalmologists and other healthcare providers related to glaucoma.

In becoming a knowledge platform, the association offers access to the *Educational Portal* that includes recorded sessions from past WGC's.

International Glaucoma Review

IGR is the only journal that presents a 3-monthly critical review of selected glaucoma literature. IGR Online has the most complete collection of abstracts on glaucoma literature which are otherwise not available.

Access to IGR is complimentary for all members of glaucoma societies associated to WGA. Please visit the IGR website at www.e-igr.com.
